PROJECTS

GROW — *Gardening App*

MAY 2016

An app designed to help backyard farmers track their garden's progress, with journal and calendar features. The app was wireframed and designed using Apple's SketchApp. Functionality was added through the web application, InVision.

EDUCATION

Epicodus, Portland, Or — *Web Design*

JANUARY 2016 - JULY 2016

A vocational school for junior software developers where I studied JavaScript with a focus on CSS, Web Design, and User Experience.

Portland Community College, Portland, Or

SEPTEMBER 2012 - JUNE 2015

Associate's Degree in General Studies

GPA: 3.5

EXPERIENCE

Cafe 26, Veneta, OR — *Staff Coordinator and Booth Manager*

JULY 2010 - JULY 2016

Staff coordinator and booth manager. My main responsibilities revolve around my high attention to detail and organization. Responsibilities include: checking staff registration, and maintaining a professional relationship with those in charge of passes.

Ruby Jewel, Portland, OR — *Catering Staff*

MAY 2013 - SEPTEMBER 2015

I worked on the catering staff. Responsibilities included packing all equipment and product for events, as well as driving the delivery van and dropping off and picking up supplies for other members of the staff.
